MEMORANDUM FOR: Deputy Director of Central Intelligence  
THROUGH: Deputy Director for Science and Technology  
FROM: John F. Blake  
Deputy Director for Administration  
SUBJECT: EAG Meeting on "Single Delegation of Contracting  
Authority"

Hank:

1. Considerable staffing has taken place in this Directorate and DDS&T in connection with an EAG subject on the matter on Thursday, 30 June 1977.

2. Les Dirks and I discussed this matter yesterday and he joins me in making this recommendation to you. In light of the uncertainties that currently exist that pertain to the outcome of the PRM-11 issue, we feel the scheduled discussion could be better postponed for several months. The issue is both complex and controversial but the whole matter could either become academic or take on additional complexities when more is known on the PRM-11 outcome. We feel, therefore, that it could well be wasted motion and time to delve into this matter until we possess a little better insight into the future.
